**RESIDENTIAL CROSS CONNECTION CONTROL**

Enclosed in the newsletter is a survey form. This survey is conducted every two years and provides very useful information to Public Works that could effect the drinking water supply to each household. Please take a few minutes and complete the survey and return it to the Village office. If you have any questions you may contact:

Public Works Department at 815-335-2230 x 111.

Thank you for your cooperation.

### Residential Cross Connection Control Survey

In order to protect the Village of Winnebago water supply from being contaminated, we are conducting a survey to determine if there are any hazardous conditions that could affect our drinking water. We appreciate you taking the time to complete the survey. If you have any questions regarding the survey please contact Chad Insko at the Public Works Department phone number, 815-335-2230, ext. 111.

Summer is here, and people are getting outside. Please be mindful that if there is no sidewalk, **walk facing traffic and as far from traffic as possible.** Cross streets at crosswalks or intersections. Look for cars in all directions. If a crosswalk or intersection is not available, locate a well-lit area where you have the best view of traffic. When bicycling remember to wear equipment to protect you and make you more visible to others, like a bike helmet, bright clothing (during the day), reflective gear, and a white front light and red rear light and reflectors on your bike (at night, or when visibility is poor).
